Service Request:	We are asking to have the following training/TA for the following: â€ Methamphetamine and Family/ child welfare practice â€ Impact of Methamphetamine on the child welfare system â€ What foster parents or families need to know about Methamphetamines â€ Professionals coping with stress, trauma, danger, and burnout...retaining and motivating employees. â€ Working with youth and providing quality youth development, safety and transition planning, etc. â€ Truancy Prevention Intervention â€ The effects of domestic violence on children
Reason for Request:	The reason â€™ s for the list of requests is to provide education and awareness to our program staff, community partners, and general community. The overall issues that we are wanting to address is the increase of youth mental health, substance use, offenders as well as ongoing domestic violence- there is a strong need to increase awareness and skill building to provide pertinent services. Most importantly, there is the severe increase of Methamphetamine use where children, employees, and other community members are becoming more and more exposed to these dangers; additionally, there is a strong need to work with our youth who have issues that go beyond child welfare but yet tend to roll into child welfare. Other factors for providing these trainings are to The target audience will be for professionals and community members.
