

**National Resource Center for Child Protective Services (NRCCPS)
Customer Satisfaction of Technical Assistance (TA)
State of Minnesota Mille Lacs Band of Ojibwe**

Two participants were invited to participate in a survey of customer satisfaction of the technical assistance (TA) relative to the Program Improvement Plan (PIP) provided to the Mille Lacs Band of Ojibwe in the State of Minnesota by the National Resource Center for Child Protective Services. The survey was shared with other participants of the TA and one additional survey was completed. The three respondents to this survey were well satisfied with the technical assistance, as indicated by an overall mean of 4.6

Exhibit 1: Mean Measures of Satisfaction

Mean Measure of Satisfaction	Response
The NRCCPS responded to our TA request in a timely manner (N = 3)	4.3
The planning process for the TA was designed to address our needs (N = 3)	4.6
The TA provided was flexible (N = 3)	4.0
The TA met our needs (N = 3)	3.6
The written materials/handouts were helpful (N = 3)	4.6
The assigned consultant(s) were qualified to provide TA (N = 3)	4.0
The assigned consultant(s) were well prepared (N = 3)	4.6
Follow-up to the on-site TA was completed in a timely manner (N = 2)	3.5
Overall, I was satisfied with the TA provided by the NRCCPS (N = 3)	4.6
Overall Mean	4.3
1 = strongly disagree 2 = disagree 3 = neither agree nor disagree 4 = agree 5 = strongly agree	

Comments

What aspects of your PIP (if any) was the Technical Assistance helpful in addressing?

- Preparation of child protection services.

What aspects of the Technical Assistance did you find the most helpful?

- The information provided was all relevant.

What aspects of the Technical Assistance did you find the least helpful?

- None.

What would you like to see done differently in future Technical Assistance sessions?

- None.
